

Sunstone Symposium Vendor Agreement

All table rentals include two chairs and a tablecloth. Vendors will be expected to provide anything else they need (including extension cords, power cables, power strips, fans, etc. Please label any personal items with contact information). Materials cannot be rented or borrowed from Sunstone.

Though the Symposium does allow some commercial products to be sold, such products must compose a minority of the products you are selling. This event does not allow the resale of commercial products that directly compete with local crafters or artisans. (Commercial products often include commercially produced makeup, health drinks, etc.) The Symposium reserves the right to directly prohibit the reselling of any commercially produced "crafts," such as jewelry, art, music, and clothing. Vendors are not allowed to sell food of any kind in accordance with the Mountain America Expo Center's rules.

Examples of other prohibited merchandise include but are not limited to: items you can purchase directly from a retail store, alcohol, illicit drugs, prescription drugs, drug paraphernalia, pornography or sexually explicit material, and materials considered religiously offensive. Profanity, yelling, fighting or any other unruly behavior are also prohibited. Prohibited items and behaviors are determined solely by the management and staff of Sunstone. Non profit organizations accepting donations at this event may be required to submit a Letter of Determination.

The management and staff of this event are not required to provide a reason for dismissal or for the prohibition of items.

Violation of these guidelines will result in immediate dismissal. No refunds will be given for tables that violate Sunstone's vendor guidelines

Purchasing a vendor spot means agreeing that all vendors who participate in any Sunstone handcrafters event do so at their own risk and agree to hold the owners, sponsors, staff, and management of Sunstone harmless for any and all damages or loss to personal or non-personal property, including but not limited to bodily injury or death. Sellers are responsible for the selling of their items and are responsible for their table for the duration of the conference. Sunstone will not be responsible for locking up or watching items during the Symposium or after hours. All sellers agree to not hold Sunstone responsible for any loss, damage, theft, or disputes.

Email Grace Pool at Grace@Sunstone.org with any questions regarding being a vendor or vendor rules.
